

**IN-SCHOOL COMMUNITY PARTNERSHIP FOR  
MENTAL OR PHYSICAL HEALTH SERVICES: Background Check verification**

Under PS 115, all mental/physical health providers working in Baltimore County Public Schools must have a CJIS State and Federal child care background check completed before beginning work in schools. Community agencies are responsible for reviewing and maintaining background checks for all providers.

Any time a new provider begins working in a school, a background check should be completed before services are initiated. This document should be submitted to the Office of Health Services, Department of Student Support Services indicating that the provider had a state and federal background check for child care completed and that there was no criminal history found.

Provider Name	Assigned School(s)

By signing below, the agency HR Manager or Director is verifying that the above providers had state and federal background checks for child care completed and no criminal history has been found.
