

# BCPS - PUPIL PERSONNEL SERVICES BY THE NUMBERS

Pupil Personnel Services provides direct services and case management to students who are experiencing academic, behavioral, emotional, physical, and social difficulties, as well as their families. Pupil Personnel Workers (PPW) act as the liaison between the home, school, other student support personnel, and the community to coordinate services to families to promote student success. PPWs and residency investigators work together to resolve residency issues. Pupil Personnel Services provides support to homeless students and their families, ensuring that services are provided as outlined under the McKinney Homeless Education Act.
