

RECOMMENDED ISOLATION PERIODS

Persons who have a confirmed or suspected case of COVID-19 must stay home for at least five full days from the first date of their symptoms or the date of the positive test if they have no symptoms. Day 1 is the first full day after symptoms begin or the first full day after the date of the test if no symptoms. After Day 5, if the person has no symptoms or if symptoms are improved and they have had no fever for at least 24 hours without medication, they may return to school/work wearing a well-fitting mask for 5 additional days.

If the person is unable to wear a mask, they may return

- After 10 days, or
- After day 5 as soon as they have a negative test

A negative test is NOT required for persons returning unmasked after day 10.

| Date Symptoms Started OR Test Date if No Symptoms | Date of Earliest Return <i>(first day back to school/work with mask)</i> | Date Symptoms Started OR Test Date if No Symptoms | Date of Earliest Return <i>(first day back to school/work with mask)</i> |
